# DENG Liting

+86 190 2089 3150 | IamDorisDeng@outlook.com | AI Product Manager/ Product Operations
Availability: From mid-December 2026, 5 days a week, 4-6months

## PROFILE

M.A. candidate in Translation and Language Technology with hands-on experience in AI product design, GEO growth, and cross-border e-commerce operations. Translates user needs into product requirements, prompt rules, evaluation metrics, and executable workflows.

## EDUCATION

**The Hong Kong Polytechnic University (PolyU)** Sep 2026 - Jul 2027 (Expected)
*M.A. in Translation and Language Technology*

Interdisciplinary focus: NLP corpus processing, machine translation post-editing (MTPE), and AIGC-enabled language applications.

**Shenzhen Technology University** Sep 2024 - Jun 2026
*B.A. in English | Average: 82/100 | Top 10%*

Relevant coursework: Brand Marketing, E-commerce, Cross-cultural Communication, Translation, and Interpreting. Class Monitor.

## WORK EXPERIENCE

**Blue Pulse** Aug 2026 - Sep 2026
*GEO Operations Intern | AI Video Product*

- Executed Reddit-based generative engine optimization (GEO) initiatives on top of an existing Gauge monitoring setup, increasing **brand mentions** and **content citations** in AI-generated answers.
- Tracked Citation Rate, Brand Mentions, Traffic, and URL-level citation status (Active/Deleted); updated dashboards and presented weekly performance reviews.
- Published approximately 190 comments and 20 posts independently; lifted Citation Rate by 4 percentage points.

**Shenzhen Xiaowei Supply Chain Co., Ltd.** Sep 2025 - Jan 2026
*Product Operations Assistant | Amazon & Wayfair*

- Operated furniture listings across two Amazon and Wayfair stores, covering listing creation, pricing, inventory, advertising, and promotions; launched150+SKUs, including approximately 40 within 2-3 days for a seasonal campaign.
- Monitored inventory, inventory age, sales, and listing status to identify slow-moving or abnormal SKUs; supported coupon, SEO, pricing, and advertising adjustments through weekly reviews.
- Resolved listing issues involving copyrighted terms and image specifications, ensuring all assigned products went live without SKU or product mismatches.

## PROJECT EXPERIENCE

**Recollection - Personalized AI Vocabulary Learning App** Jun 2026 - Jul 2026
*Independent Product Project | github.com/53494/recollection-vocab-pwa*

- Identified the gap between passive word recognition and active usage, analyzed user pain points and competing solutions, and defined the PRD and MVP priorities.
- Designed multi-dimensional AI grading and structured feedback; defined core, boundary, and adversarial test scenarios alongside a bad-case review and prompt iteration mechanism.
- Delivered a working PWA with model integration, failure handling, and local data storage, balancing privacy, API cost, service reliability, and mobile usability.
- Demo: https://53494.github.io/recollection-vocab-pwa/

## COMPETITION

**Zhongyu Zhihui Cup National Business Negotiation Competition** Apr 2022 - Apr 2023
*Core Team Member | National Team Champion*

- Applied PEST and SWOT analyses to assess the industry and competitors, developed a market research report and negotiation plan, modeled acceptable deal ranges, and adapted the strategy during live negotiations to reach the optimal agreement.

## SKILLS AND CERTIFICATIONS

**Product:** PRD development, competitive analysis, user analysis, prompt design, AI evaluation, bad-case review
**Data and Tools:** Excel, XLOOKUP, Gauge ( AI search visibility platform)
